Climate Change Reporting

22nd June 2017

Section 7: Recommended Reporting – Reporting on Wider Influence

- Allows reporting of information beyond corporate estate to capture wider influence
- Designed to capture reporting good practice previously contained within Climate Change Reports completed prior to 2014-15
- Not 'required' but strongly encouraged
- 65 public bodies completed in 2015-16, up from 31 in 2014-15
- Complete as much as you can, do not be afraid to leave blank boxes

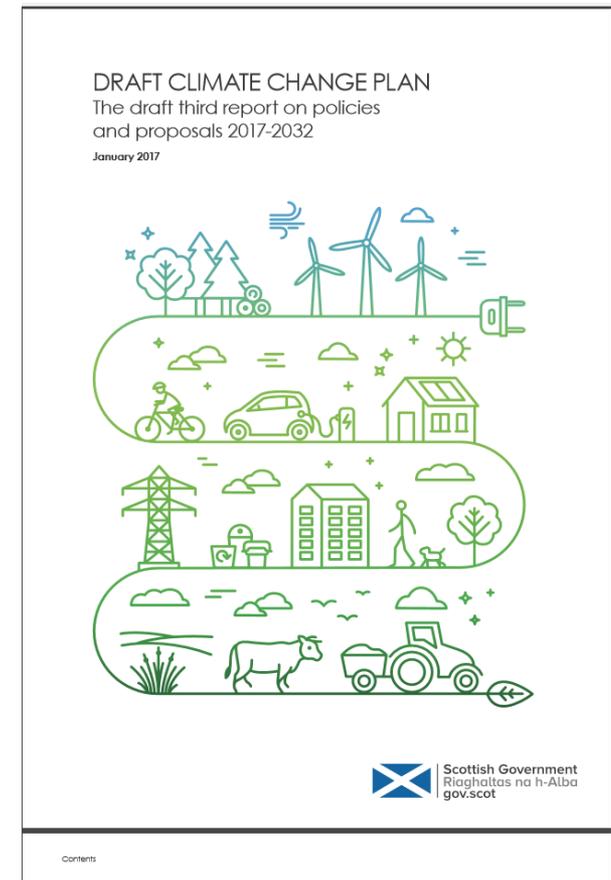

Content:

RECOMMENDED reporting allows you to provide information on:

- **TARGETS** (full area or CCP specific)
- **POLICIES & ACTIONS** (what you are doing to reduce your emissions)
- **PARTNERSHIP WORKING** (initiatives with other public sector bodies, 3rd sector organisations or private partners)

* CCP =Draft Climate Change Plan – the draft Third Report on Policies and Proposals 2017-32.

Question 1 – Other Public Bodies

Provide any data you collect beyond your corporate boundary (if any) e.g. transport, land use emissions, biodiversity

1 Historic Emissions 0

Table 1a

Sector	2005	2006	2007	2008	2009	2010	2011	2012	2013	2014	2015	Units	Comments
Total Emissions													

Add Remove selected

Sector

Total Emissions
Industry and Commercial
Domestic
Transport
Per Capita
Waste
Land Use (LULUCF)
Other (specify in 'Comments')

Other data can be added by clicking 'other' and providing comments

Question 1

Local Authorities: Choose Dataset Used

Recommended Reporting: Reporting on Wider Influence

Wider Impact and Influence on GHG Emissions

1 Historic Emissions

Please select which dataset you use for setting area-wide emission targets or for monitoring emission reduction projects and actions. Please note that both datasets will show on the form, the response you provide in the dropdown will be used as a note for which dataset you can include further data sources by selecting the 'other' dropdown. You can 'add' or 'remove' rows as necessary. For further information on the differences between the 'full' and 'subset' datasets, please view the SSN reporting resources page or view the UK Government data guidance. Links to both of these resources can be found at the very top of this form.

Subset Full

Table 1a - Subset

Sector	2005	2006	2007	2008	2009	2010	2011	2012	2013	2014	2015	Units	Comments
Total Emissions	1063.08	1063.22	1052.54	1024.02	926.49	948.80	869.85	904.01	872.90	751.55	0	tCO2	
Industry and Commercial	443.84	445.36	435.46	416.87	368.99	376.51	343.79	359.16	350.89	282.85	0	tCO2	
Domestic	386.28	385.79	379.83	376.92	335.14	353.61	311.72	332.25	314.61	260.47	0	tCO2	
Transport	232.97	232.07	237.25	230.23	222.36	218.67	214.35	212.60	207.40	208.23	0	tCO2	
Per Capita	7.40	7.42	7.32	7.10	6.38	6.50	5.91	6.12	5.89	5.07	0	tCO2	
Waste												tCO2e	
Land Use (LULUCF)												tCO2	
Other (specify in 'Comments')													

Table 1b - Full

Sector	2005	2006	2007	2008	2009	2010	2011	2012	2013	2014	2015	Units	Comments
Total Emissions	1064.38	1064.53	1054.80	1025.52	928.10	952.09	871.52	905.51	874.55	753.33	0	tCO2	
Industry and Commercial	444.52	445.62	435.80	417.14	369.37	378.58	344.24	359.43	351.31	283.37	0	tCO2	
Domestic	386.28	385.79	379.83	376.92	335.14	353.61	311.72	332.25	314.61	260.47	0	tCO2	
Transport	234.04	233.12	238.46	231.45	223.59	219.90	215.56	213.82	208.64	209.49	0	tCO2	
Per Capita	7.46	7.47	7.37	7.14	6.43	6.55	5.95	6.15	5.93	5.11	0	tCO2	
Waste												tCO2e	
Land Use (LULUCF)	6.37	5.90	5.61	5.27	5.04	4.69	4.25	4.06	3.81	3.55	0	tCO2	

Please choose from the list below...

- Subset
- Full

Other data can be added by clicking 'other' and providing comments

DECC Datasets

- Estimates of GHG's at a local authority level are derived using nationally available statistics that are, or can be, disaggregated to local authority level (gas and electricity consumption data, road transport information, solid and liquid fuel consumption data etc).
- **Full dataset:** excludes aviation, shipping, offshore and military activities
- **Subset** (scope of influence): excludes above, plus motorway traffic, large industrial installations and LULUCF (Land Use, Land Use Change and Forestry). Provides per capita statistics.

Question 2 – Targets

2a Targets [0](#)
Please detail your wider influence targets

Table 2

Sector	Description	Type of Target (units)	Baseline value	Start year	Target Saving	Target / End Year	Saving in latest year measured	Latest Year Measured	Comments
Overall Reduction Target									
Electricity									
Residential									
Transport									
Services									
Industry									
Waste									
Land Use									
Agriculture									
Other									

2b Overall mission statement, strategies, plans or policies outlining ambition to influence emissions beyond your corporate boundaries? If so, please detail this in the box below. [0](#)

Complete as much as you can!

- Overall Reduction Target
- Electricity
- Residential
- Transport
- Services
- Industry
- Waste
- Land Use
- Agriculture
- Other

Provide a description here

- Can be **overall target** or **CCP** specific
- Midlothian Council: 4.5tonnes CO2 per capita
- Aberdeen City Council: 56% household waste to be recycled through source separation by 2025

Question 3: Policies and Actions

3 Policies and Actions to Reduce Emissions

Table 3: [?](#)

Sector	Start year for policy/action implementation	Year that the policy/action will be fully implemented	Annual CO2 saving once fully implemented (tCO2)	Latest Year measured	Saving in latest year measured (tCO2)	Status
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Metric / indicators for monitoring progress						
<input type="text"/>						
Delivery Role	During project/policy design and implementation, has ISM or an equivalent behaviour change tool been used?					
<input type="text"/>	<input type="text"/>					
Please give further details of this behaviour change activity						
<input type="text"/>						
Value of Investment (£)	Ongoing Costs (£/year)					
<input type="text"/>	<input type="text"/>					
Primary Funding Source for Implementation of Policy/Action						
<input type="text"/>						
Comments						
<input type="text"/>						
Add Remove						
Please provide any detail on data sources or limitations relating to the information provided in Table 3 ?						
<input type="text"/>						

- Provide as much information as you can
- Use the comments box for anything else

Lots of examples in 2015-16 reports:

- St Andrew's University
- Scottish Enterprise
- NESTRANS
- Scottish Borders Council, Shetland Council

Question 4: Partnership Working, Communications & Capacity Building

Table 4

Key Action Type	Description	Action	Organisation's project role	Lead Organisation (if not reporting organisation)	Private Partners	Public Partners	3rd Sector Partners	Outputs	Comments
<input type="text" value=""/>		<input type="text" value=""/>	<input type="text" value=""/>						

[Add](#) [Remove](#)

- NHS Tayside: Partnership work with Dundee City Council, University of Dundee, Forth Ports and Abertay University on Dundee Environment Partnership
- Registers of Scotland: Promotion of Earth Hour to employees
- Dumfries and Galloway Council: Education/capacity building with residents, producing environmental information resources and habitat information

Question 5: Food and Drink, Biodiversity, Water and Resource Use

Other Notable Reportable Activity

5 Please detail key actions relating to Food and Drink, Biodiversity, Water, Procurement and Resource Use in the table below [?](#)

Table 5

Key Action Title	Key Action Description	Organisation's Project Role	Impacts	Comments
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

Add Remove

Remember to give a concise description here

- Glasgow School of Art: Eat more veg and reduce meat
- North Lanarkshire Council: Biodiversity projects, Core Path Strategy
- Scottish Canals: Work on Scottish River Management Plans

REMEMBER

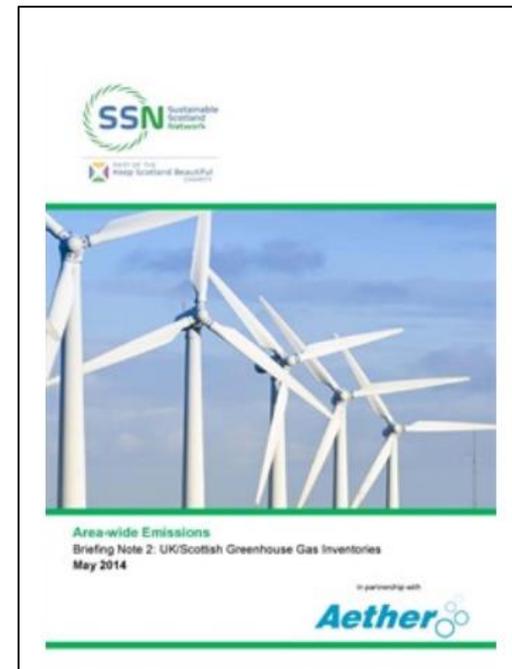

- This section is optional!
- It is OK to complete parts and to leave blank boxes!
- Speak to other departments in your organisation – chances are they will be working with other public bodies – capture all this good work!
- Further training on this section is available, contact ssn@keepscotlandbeautiful.org if you are interested to find out more.
- 2015-16 analysis identified RTP's and NHS Boards as public bodies to provide more support

FURTHER SUPPORT

- **SSN Area-wide emissions toolkit** on SSN website including 3 briefing notes and training videos covering:
 - Terminology, targets and accounting techniques
 - National inventories and their uses
 - Localising climate change reporting to track and monitor progress
- Contact ssn@keepscotlandbeautiful.org with any further questions
